---

### **Objective:**

As a highly motivated and detail-driven final-year BSc Computer Science student, I possess a strong foundation in full stack development. With a passion for website development, I am eager to apply my technical skills to real-world projects. I am seeking an opportunity to contribute to innovative solutions while continuously learning and evolving in a dynamic environment.

### **Education:**

- B.Sc,(computer science)From Sacred Heart College ,Tirupattur Jun 2022- Apr 25
- School of High Secondary Education, Kashinayakkanpatti Tirupattur Jun 2020-Apr 22
- School of Secondary Education, Adiyur, Tirupattur Jun 2011-Apr 2020

### **Project1:** School Management System

**Description:** A web-based platform designed to help schools streamline processes and manage key operations like admissions, fees, and library resources. It allows administrators, teachers, and students to interact with and manage critical school data efficiently.

### **Technologies Used:**

- **Frontend:** HTML (structure), CSS (styling), JavaScript (interactivity).
- **Backend:** PHP (server-side scripting), MySQL (database management).

### **Key Features:**

- **Online Admission:** Allows students to apply for admission by submitting personal details and documents online, with administrators reviewing applications.
- **Fee Management:** Tracks student fee payments, allows administrators to set fee structures, and students to view their dues and payment history.
- **Library Management:** Tracks books and resources, allowing students to view available books and borrow them efficiently.

### **Project 2:**

## **Project Description:** Furni Shop

Furni Shop is an e-commerce website designed for purchasing furniture. Built using HTML, CSS, and JavaScript, the website provides a user-friendly interface that allows customers to browse, select, and purchase furniture items easily.

## **How It Is Useful for People:**

- **Convenience:** Customers can browse and buy furniture from the comfort of their homes.
- **Accessibility:** The website is available 24/7, allowing users to shop at any time.
- **Detailed Information:** Provides descriptions, images, and pricing, helping customers make informed decisions.
- **Time-Saving:** Eliminates the need to visit physical stores, making shopping faster and easier.

## **Certificates:**

- FullStack Development ( Don Bosco Skill Course frontend using html ,css, javascript Backend using Database)
- Master of AI Tools(Don Bosco Skill Course like canva, chatgpt, grammar editor , resume cv)
- NPTEL Course - Computer graphics(Understanding Alogrithm's)

## **Strengths:**

- To learn and improve all the time..
- Self-motivated and a quick learner with a good team spirit.
- Self - Confidence and Hard work.

## **Technical Skill:**

- **Web Developed** : frontend using html , css , Bootstrap Backend using Database mysql □
- **E-Commerce** : fronted using html, css and Java script

## **Workshops and Conference:**

- Attended workshop on “**Miscrosoft Office Automation Tools**” Sacred Heart College.
- Attended State level workshop on “**Commune 2K24 (Multimedia Tools)**” in Sacred Heart College.

## **Declaration :**

I here by declare that the information Provided above is true and correct to the best of my knowledge and belief.

Yours faithfully,

**T.Geetha .**
